Welcome!

Scenic Regional Library offers patrons eBooks and eAudiobooks through Overdrive, a digital collection company that partners with libraries. Overdrive has introduced an app, called Libby, and the purpose for this help guide is to provide you with the information you need to use it.

What is Libby?

Libby is an app designed by Overdrive and is used to browse and borrow Overdrive titles from Scenic Regional Library. The app is available for computers with a Windows 10 operating system, Apple devices (iOS 9.0 or newer), and Android devices (4.4 or newer).

Please note that using the Libby app to browse and borrow Libby titles is optional. If you would rather continue using the Overdrive app, you most certainly can.

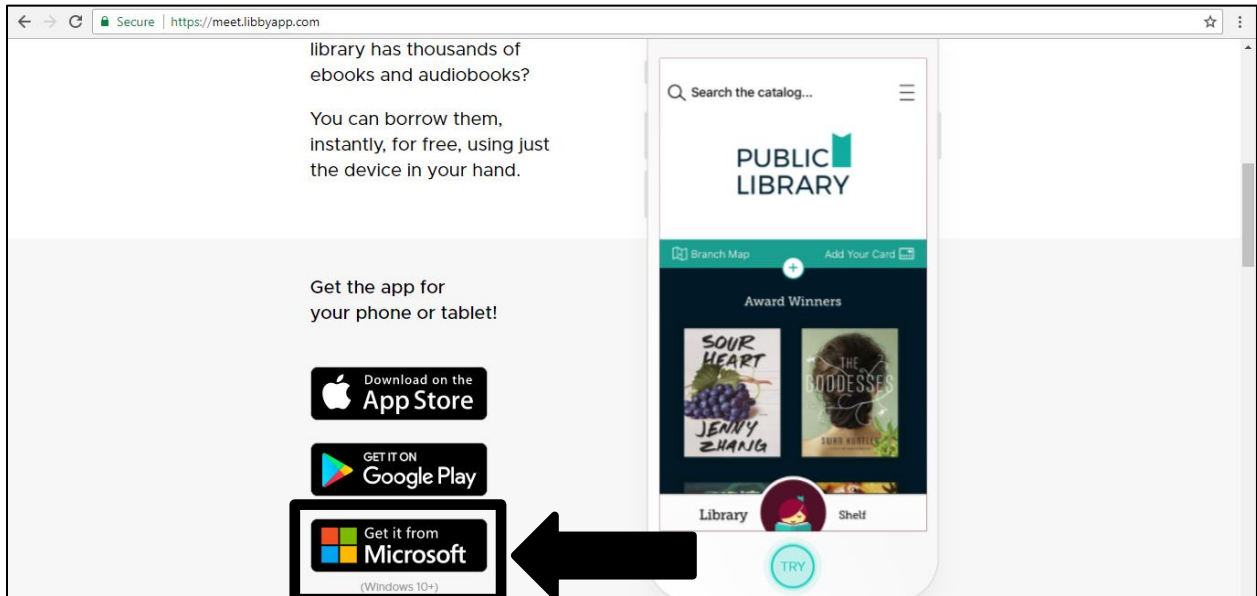

Libby's Offerings to Scenic Regional Library Patrons

Since Libby is an Overdrive app, patrons get the same offerings through Libby as they would through Overdrive. Any SRL patrons who have library accounts in good standing can access Libby. Patrons are allowed to borrow seven titles at once. Patrons can also place seven titles on hold at one time. Once borrowed, patrons can keep titles for 14 days.
